ID of scientific system: https://isid.research.ac.ir/Azam_ShirinabadiFarahani

Niayesh Complex, College of Nursing and Midwifery, Shahid Beheshti University of Medical Sciences, Vali Asr Street, Ayatollah Hashemi Rafsanjani Intersection, Tehran, Iran.

Postal code: 1919973361

Line and research interests:

- Nursing care in children and neonate
- Spiritual care
- Palliative care
- Telenursing
- Instrument development

EDUCATION

- 1996/2000 School of Nursing and Midwifery, Tehran University of Medical Sciences, Tehran, Iran
BS in Nursing
- 2001/2004 Social Welfare & Rehabilitation Sciences University, Tehran, Iran
MS in Pediatric Nursing
Master Thesis: The effect of therapeutic touch on sleeping and awakening status of infants living in nurseries under supervision of the Welfare Organization of Tehran
- 2012/2016 School of Nursing and Midwifery, Shahid Beheshti University of Medical Sciences, Tehran, Iran
PhD in Nursing
Doctoral Dissertation: Spiritual Health in Adolescents: Scale Development, Psychometric Evaluation & Testing the Reed's Model of Self-Transcendence
- 2022 World Health Organization (in collaboration with Sanjivan College (St. Christopher's Hospice) and Institute of Palliative Medicine)
Fellowship in palliative care
-

PROFESSIONAL APPOINTMENTS

- 2004/2009 Clinical Nurse in Masih Daneshvari Hospital, Shahid Beheshti University of

	Medical Sciences. Tehran. Iran
2009/2012	Nurse Educator in Vice-Chancellor in Administration and Resources Development Affairs of Shahid Beheshti University of Medical Sciences. Tehran, Iran
2012/2017	Instructor, Department of Pediatric Nursing, School of Nursing and Midwifery, Shahid Beheshti University of Medical Sciences, Tehran, Iran
2017/ Current	Educational Supervisor of Mofid Children's Hospital, Shahid Beheshti University of Medical Sciences, Tehran, Iran
2017/ Current	Assistant Professor, Department of Pediatric Nursing, School of Nursing & Midwifery, Shahid Beheshti University of Medical Sciences, Tehran, Iran

Domestic and Abroad congresses

August 2023	"Evaluation and Management of Common Symptoms in End-Stage Heart Failure", presented at the 7th International Heart Failure Congress
July 2023	"Palliative care", provided in the palliative care program, Rasht
June 2023	"Nurse's role in end-of-life care", presented in the program of providing palliative care to patients at the end of life, Baqiyatullah University of Medical Sciences
April 2023	"Palliative care with symptom control in cancer patients", presented in the program of palliative care, Shiraz
May 2023	"Patient Safety", presented at the 4th Congress of the Society of Surgeons
March 2022	"Emotional intelligence in pediatric nursing", presented at the Nursing and Midwifery Research Center of Iran University of Medical Sciences
February 2022	"Different approaches in providing palliative care", presented at the 7th International Congress of Clinical Oncology and the 17th Annual Congress of Clinical Oncology
December 2022	"Electronic nursing", presented at the 6th national conference on nursing care in emergencies and common children's diseases".
November 2022	"Patient education and Nursing tele-practice", presented at the 20th international pediatric nursing conference.
February 2022	"Spiritual and psychological needs in cancer patients", presented at the 6th International Congress of Clinical Oncology and the 16th Annual Congress of Clinical Oncology.
January 2022	"Teamwork arrangement in palliative care", presented in nursing care updates in palliative care,
November 2021	"NIDCAP care program" presented at the 5th national conference on nursing care in emergencies and common diseases of children".
December 2021	"Palliative care in children with an emphasis on teamwork" presented at the fifth national conference on nursing care in emergencies and common diseases of children".
November 2021	"Supportive and palliative care program for children (nutrition in chemotherapy patients/diarrhea and constipation), presented in the series of children's palliative care webinars, Mofid Hospital.
November 2021	"Safety and risk reduction in pediatric care", presented at the 19th International Conference on Pediatric Nursing.

September 2021	"A multi-care team approach to providing palliative care", presented at the Children's Palliative Care Webinar Series, Mofid Hospital.
February 2021	"Interdisciplinary teamwork approach to palliative care" presented at the national conference of palliative care. Deputy Nursing. Ministry of Health and Medical Education.
November 2020	"Coronavirus and child nursing" presented at the fourth national conference on nursing care in emergencies and common children's diseases".
November 2020	"Virtual patient education" presented at the 18th International Pediatric Nursing Conference.
November 2019	"Patient safety after cardiac surgery" presented at the 2nd Cardiac Anesthesia Congress and 2nd ECMO Congress.
September 2019	"Skin care in premature infants" presented at the third national conference on nursing care in emergencies and common children's diseases.
October 2019	"Challenges of Nurses' Work in Children's Hospital" presented at the 17th International Children's Nursing Conference.
April 2019	"Establishing a patient and family education system in the quality of palliative" presented at the first national congress of patient and family education and empowerment. Guilan University of Medical Sciences. Bandar Anzali, Coastal Village, Education Assembly Hall.
February 2019	"Self-Transcendence in Adolescents" presented at the 6th Nursing Ethics Congress. Bam .Kerman.
November 2018	"Nursing and prediction of infant death in the neonatal intensive care unit" presented at the second national conference on nursing care in emergencies and common diseases of children".
September 2018	"Synergy of education and bedside to improve children's health and care" presented at the 16th international pediatric nursing conference.
may 2018	"Palliative Care in Patient with Urinary Tract Cancer" presented in "21st Congress of Iran Urology Association" and "12th Iran Urology Nursing Congress".
January 2018	"Palliative Care in Breast Cancer" presented at the 13th International Breast Cancer Congress.
January 2018	"Coping in women with breast cancer" presented as a poster at the 13th International Breast Cancer Congress.
December 2017	"Respiratory emergencies in children" presented as a specialized panel at the first pediatric nursing management seminar and the 13th Congress of Emergencies and Common Children's Diseases.
October 2017	"The costs of palliative care" presented at the 15th international pediatric nursing conference.
February 2017	"Needs of Patients with Breast Cancer and Their Families" presented as a poster at the 12th International Breast Cancer Congress.
February 2017	"Palliative Model of Care" presented at the 12th International Breast Cancer Congress.
November 2016	"Non-pharmacological intervention for pain management in children" presented as a poster at the 12th Congress of Pediatric Emergencies and Common Diseases.
September 2016	"Spiritual health in Iranian children and adolescents" presented at the 14th National Pediatric Nursing Conference.

June 2016 "Palliative care delivery models" presented in the workshop. Palliative care July 2015 31. "Palliative care and pain control techniques in children and infants" presented at the 14th national pediatric nursing conference.

February 2016 "Care implementation model" presented in the palliative care workshop for nurses.

September 2015 "Models of Prevention in Health Care System" presented at the 13th National Children's Nursing Conference.

September 2015 "How Can Improve the Quality of life of Children and Adolescents with Asthma" presented at the 7th International Congress of Pulmonary Diseases, Special Care and Tuberculosis.

November 2015 "Pediatric Emergency Departments Guidelines" presented as a poster at the 11th Congress of Pediatric Emergency and Common Diseases.

February 2015 "Breast Cancer and Spiritual Health" presented as a poster at the 10th International Breast Cancer Congress.

November 2014 "Palliative care for nurses and physicians: a variety of implementation models in palliative care" presented at the 6th International Gastrointestinal Cancer Congress.

September 2014 "Establishment and Structure of Palliative Care" presented at the 12th Pediatric Nursing Conference.

September 2014 "Spiritual and Mental Health" presented as a poster at the 12th Pediatric Nursing Conference.

April 2014 "Spiritual health after Kidney transplantation" presented at the 17th Congress of the Iranian Urology Association.

September 2013 "Spiritual Health in Adolescents" presented as a poster at the 11th Pediatric Nursing Conference.

September 2013 "Psychological support of children with chronic illness by nurses" presented at the 6th International Congress of Pulmonary Diseases, Special Care and Tuberculosis.

April 2013 "Using identification technology through radio waves" presented at the 37th Congress of the Iranian Society of Surgeons.

December 2012 "Nursing attitude towards substance abuse in patients" presented in the first seminar on addiction and chronic physical diseases.

April 2012 "Patient safety in neonatal intensive care unit" presented as a poster at the second congress of empowerment and care principles and medical and nursing challenges in NICU.

2009 "Nursing care in difficult intubation and device management" presented at the first international congress of airway management and anesthesia in head and neck surgeries 2018 48. "Tuberculosis Treatment Guide for Community Health Nurses" presented as a poster at the 4th International Congress of Pulmonary Diseases, Special Care and Tuberculosis.

2009 "Treatment guide for drug overdose" presented in the first seminar on addiction, poisoning and nursing care, Shahid Beheshti University of Medical Sciences.

2008 "The extent and causes of the tendency to perform cosmetic surgeries" presented in the 4th annual national seminar on nursing care in plastic surgeries (cosmetic and restorative).

2008 "The role of culture in cosmetic surgery" presented in the first

- otolaryngology and maxillofacial surgery nursing conference.
- 2007 "Nursing care in lung transplantation" presented at the 3rd International Congress of Pulmonary Diseases, Special Care and Tuberculosis.
- 2007 "NIV" presented at the 3rd International Congress of Pulmonary Diseases, Special Care and Tuberculosis.
- 2004 "Investigation of the impact of tactile stimuli on the sleep of homeless children in Tehran", presented at the 16th International Conference on Children's Diseases.
- 2004 "VAP" presented as a poster in the 13th Congress of Infectious and Tropical Diseases of Iran.

Research projects

Executor

Conductor of the project "Investigation of the factors related to the spiritual coping of 12-18-year-old adolescents with cancer referred to the hospitals affiliated to Shahid Beheshti University of Medical Sciences in Tehran in 2017", Approved by the Pediatric Blood Diseases Research Center, University Shahid Beheshti Medical Sciences, 1400

Collaborator Executor of the project "Validation of Plagiarism Tools", Approved by Children's Digestion, Liver and Nutrition Research Center, Shahit Beheshti University of Medical Sciences, 1401

Collaborator Executor of the project "Investigation of the delay in providing nursing care", Approved by the Children's Gastroenterology, Liver and Nutrition Research Center, Shahit Beheshti University of Medical Sciences, Ongoing

Collaborator Collaborator of the project "Validation of post-traumatic growth tools in children with cancer", Approved by the Research Council of the School of Nursing and Midwifery, Shahid Beheshti University of Medical Sciences. 1400

Collaborator “Psychometrics of a tool for measuring care ability of mothers with children with cancer ", Approved by the Research Council of the Faculty of Nursing and Midwifery, Shahid Beheshti University of Medical Sciences. 2019

Collaborator "Investigation of the psycho-social needs of adolescents with a sibling with cancer referring to selected medical centers of the University of Medical Sciences", Approved by the Research Council of the School of Nursing and Midwifery, Shahid Beheshti University of Medical Sciences, 2019

Collaborator "Psychometric assessment of family needs in parents with a child with cancer", Approved by the Research Council of the School of Nursing and Midwifery, Shahid Beheshti University of Medical Sciences.2021

Executor "Psychometric measurement of multidimensional life satisfaction tool in cancer patients", Approved by Cancer Research Center, Shahid Beheshti University of Medical Sciences, 2019

Collaborator "Investigation of the effect of spiritual care on the spiritual health and hope of patients with diabetes referring to the Gabrik Diabetes Information Association in 2018" Approved by the research council of the Faculty of Nursing and Midwifery, Shahid Beheshti University of Medical Sciences. 2019

Collaborator "Investigation of the effect of modulating environmental stimuli on the level of pain during central catheter insertion in infants hospitalized in the

	neonatal intensive care unit", Approved by the Research Council of the Faculty of Nursing and Midwifery, Shahid Beheshti University of Medical Sciences. Ongoing
Collaborator	" Investigating the effect of Benson's relaxation method on the severity of symptoms and quality of life of children with irritable bowel syndrome in selected hospitals in Tehran in 2017", Approved by the Research Council of the School of Nursing and Midwifery, Shahid Beheshti University of Medical Sciences, Ongoing
Collaborator	"Explaining the perception of Afghan mothers with a child with cancer on the management of the child's disease", Approved by the Research Council of Shahid Beheshti University of Medical Sciences. 2018
Collaborator	"Evaluation of the cost-effectiveness of the palliative care model in children with cancer", Research project number 964318, Approved by the National Research Institute of Iran University of Medical Sciences, 2016, Ongoing
Collaborator	"Examination of nurses' views and performance regarding the provision of health care at home", Approved by the Research Council of Shahid Beheshti University of Medical Sciences, Ongoing
Collaborator	"Examining the views and performance of care recipients and providers regarding the use of complementary medicine in cancer care", Approved by the Research Council of Shahid Beheshti University of Medical Sciences, 2018
Collaborator	"Examination of the views and performance of care providers regarding the provision of spiritual care to cancer patients", Approved by the Research Council of Shahid Beheshti University of Medical Sciences. 2018
Executor	"Effect of touching the abdomen on the prevention of feeding intolerance in the right side lying position in premature infants of Shahid Motahari Hospital affiliated to Urmia University of Medical Sciences, 2016", Approved by the Research Council of Shahid Beheshti University of Medical Sciences, 2017
Executor	"Effect of telenursing on the readmission rate of newborns after discharge from the neonatal intensive care unit in selected educational centers and healthcare services affiliated to Qazvin University of Medical Sciences", Approved by the Research Council of Shahid Beheshti University of Medical Sciences. 1400
Executor	"Investigation of the relationship between perceived social support and the quality of work life of neonatal intensive care nurses in selected hospitals of Ahvaz University of Medical Sciences in 2015", Approved by the Research Council of Shahid Beheshti University of Medical Sciences. 2017
Executor	"Audit of the placement and nursing care of PICC in newborns admitted to the neonatal special care units of Mahdieh Medical Education Center in 2015, Approved by the Research Council of Shahid Beheshti University of Medical Sciences.
Collaborator	"Investigating the psycho-social needs of adolescents with cancer-afflicted siblings who refer to selected medical centers of the University of Medical Sciences", Approved by the Research Council of Shahid Beheshti University of Medical Sciences.
Collaborator	"Psychometric evaluation of the drug prescription error checking tool in

- neonatal intensive care unit nurses of Shahid Beheshti University of Medical Sciences", Approved by the Research Council of Shahid Beheshti University of Medical Sciences.
- Collaborator "Investigation of the effect of education of newborn ostomy care to mothers on skin complications caused by intestinal ostomy in selected hospitals of Tehran University of Medical Sciences in 1994-1995". Approved by the Research Council of Shahid Beheshti University of Medical Sciences.
- Executor "Spiritual health in adolescents: design of tools and tests of Reed's self-transcendence model". Approved by the Research Council of Shahid Beheshti University of Medical Sciences, 2014
- Collaborator "Investigating the effect of emotional intelligence training on the quality of life of mothers with children with leukemia hospitalized in selected hospitals of Shahid Beheshti University of Medical Sciences". Approved by the Research Council of Shahid Beheshti University of Medical Sciences, 2014
- Collaborator "Examination of the relationship between the oral and dental health status of children aged 11-12 years with mothers' perception of the quality of life related to oral health and mothers' sense of coherence in elementary schools of Torbat Haydarieh", Approved by the Research Council of Shahid Beheshti University of Medical Sciences, 2014
- Collaborator "Evaluation of the clinical performance of nurses working in the neonatal intensive care unit in selected hospitals in Yazd", Approved by the Research Council of Shahid Beheshti University of Medical Sciences, 2014
- Executor "Investigation of the effect of auditory and visual distraction on the reduction of pain intensity caused by venipuncture in school-age children hospitalized in Quds affiliated to Qazvin University of Medical Sciences", Approved by the Research Council of Shahid Beheshti University of Medical Sciences, 2013
- Executor "Examination of the compliance of the requirements of the leveling program of maternal and newborn services with national standards in the hospitals covered by Ilam University of Medical Sciences and Health Services", Approved by the Research Council of Shahid Beheshti University of Medical Sciences, 2014
- Collaborator "Audit of nursing care related to the separation of newborns from mechanical ventilation in neonatal intensive care units of selected hospitals in Tehran in 2014", Approved by the Research Council of Shahid Beheshti University of Medical Sciences, 2014
- Collaborator "Audit of nursing care related to mechanical ventilation in newborns hospitalized in neonatal intensive care units of selected hospitals of Shahid Beheshti University of Medical Sciences in 2013", Approved by the Research Council of Shahid Beheshti University of Medical Sciences, 2014
- Collaborator "Effect of the empowerment model of health care workers on the care and health status of cerebral palsy children living in the care center for cerebral palsy children affiliated with the Tehran Welfare Organization", Approved by the Research Council of Shahid Beheshti University of Medical Sciences, 2013

Executor "Investigating the level of professional ethics compliance in the performance of nurses working in the adult departments of Masih Daneshvari Hospital" Approved by the Research Council of Masih Daneshvari Hospital, 2013

Collaborator "Investigation of the quality of life of female household heads working at Shahid Beheshti University of Medical Sciences", Approved by the Research Council of Masih Daneshvari Hospital, 2019

Collaborator "Training of specialist nurses and nursing academic staff at the bedside", Approved by the Nursing Office of the Vice President of Treatment, Shahid Beheshti University of Medical Sciences, 2017

Executor "Screening of patients referred to the bronchoscopy unit in terms of sputum smear before bronchoscopy in Masih Daneshvari Hospital", Approved by the research council of Masih Daneshvari Hospital, 2015
